

Assignment 8: ASTR/PTYS 578

Section 2 of your real proposal

DUE : April 9th 2026 by 5 PM on D2L NOTE: This assignment will not be graded

FILENAME: LastName_Assignment8 (Word doc)

Flush out Section 2 from your outline, building from Assignment 7 (remember to use the Template). I.e. this section should follow Section 1 in the document.

Not to Exceed 1/2 page, 12 pt font - remember the whole science justification must be less than 3 pages, including the figure.

Starte with a descriptive **statement** that highlights “the problem”.

Paragraph 1:

- Start with a fact that sets up the problem.
- State the problem – “However, ...”
- Include supporting facts to understand the nature of the problem – at least 1 reference.
- Nuanced conclusion: solving this problem advances the subfield.

Paragraph 2:

- Statement introducing the “key component” that is missing and needed to solve the problem
- Nuanced conclusion: State that this proposed program will generate the “key component” to solve the problem.

4) Include the Title, Abstract on a separate page before the Science Justification

5) Include a Bibliography as a separate page, including references for Section 1 and 2.
